MacArthur, the South African runner, won the Marathon race at the Olympic games yesterday. C. W. Gitshaw, also of South Africa, was second, and an American, Gaston Strobino, South Paterson A. C., third. MacArthur's time was 2 hours, 35 minutes, Gitshaw's, 2 hours, 37 minutes, 52 seconds, and Strobino's, 2 hours, 38 minutes, 42 2-3 seconds

The winner, MacArthur, is a tall Transvaal policeman, who has never yet been headed in a similar event. His compatriot, Gitshaw, came second into the stadium several hundred yards be-hind, and third to appear was the American, Strobino, who put up a braver fight than most of the run-ners, for his feet were skinned and bleeding and he was suffering great | pain. He never lost his nerve though. and made a brave attempt at feeling happy while he traversed the stadium track a furlong behind the second man

at the end of the preformance.

As the 30,000 spectators in the stadium looked toward the archway from under which the runners emerged, they saw the American shield on the breasts of six of the first 10 men who entered. The names of this roll are Strobino, Andrew Sockalexis, Old Town; John J. Gallagher, Yale: Joseph Erzleben, Missouri A. C.; Elchard F. Piggott, North Dorchester A. A. and Joseph Forshaw, Missouri A. C. The American team numbered 12, and 19 finished. The last of these was Thomas H. Lilley.

Sockalexis, the American, was the fifth; Sigge Jacobson, Sweden, sixth; J. J. Gallagher, Yale, seventh, Joseph Erxleben, Missouri A. C., St. Louis, eighth; Richard F. Piggott, North Dor-chester A. Michael J. Ryan, of the Irish-American A. C., who made a good run for 19 miles, and then succumbed to the heat, and John J. Reynolds, of the same club, who fell out earlier. Sweden furnished another dozen to

the race, and if their strength had been equal to their ambition they would have had a different tale to tell. Canada's great hope, Corkersy, ran with Ryan for several miles, and

they gave it up. The tail Finn. Kohle-manen, a favorite, was outclassed.

MacArthur went to the front and held
the lead to the end. He had completed

Then a Long Wait.

It seemed a long wait after Strobino before another runner appeared at the entrance. Then a second shield appeared with the American device. It was the indian Sockalexis. Fifty yards belied him came the Canadian behind him came the Canadian Duffy, who strove hard to overtake the American. He succeeded in some degree, but the indian crossed the line 20 yards in front. Both were in fine condition. While Gitshaw arrived a little less than two minutes behind MacArthur, and Strobino 50 seconds later, more than three minutes elapsed before Cockalexis and Duffy came through.
